100% of the funds raised will support Cancer Services

The need

St. John's Hospitals—Oxnard (SJRMC) and Camarillo (SJHC) have been serving the people of Ventura County for more than 112 years. It's incredible that what started in 1912 as a six-room hospital opened by the Sisters of Mercy has grown over time to become the largest non-profit acute care provider in the county.

100% of the contributions raised will support Cancer Services through St. John's Hospitals which provides comprehensive free services that include bilingual to cancer patients, families, and caregivers. This fund supports nurse navigation, nutrition counseling, community outreach and education, emotional counseling, support groups, and more.

The award

The Catherine McAuley Achievement Award pays tribute to a member of the community and a prominent physician who have made a lasting contribution to society over his/her lifetime through "works of mercy" and who have also made a significant contribution in furthering the good work of the Hospitals. Finally, it is a reflection of the values held by Catherine McAuley, the founder of the Sisters of Mercy, in her quest to bring kindness and caring to all who need help.

The event

One of the most talked about events in Ventura County, "Adventure," has been a signature event for over 20 years.

We are bringing it back in 2025 and gathering at the Four Seasons Hotel in Westlake Village. This black-tie event features tasting stations during the reception followed by a three-course culinary experience with wine, entertainment, and a silent and live auction.

Tickets

\$450 per person
